Best Senior Living Awards Honors Top Senior Communities in Sumner, WA*

Seattle, WA – May 7, 2013– STAFFORD SUITES IN SUMNER today announced that it has been honored by SeniorHomes.com as a recipient of its “Best Senior Living Awards” in the Sumner metropolitan area. To determine the winners of the Best Senior Living Awards in and around Sumner, SeniorHomes.com along with a panel of local experts assigned numerical scores on a scale of one to ten to each facility. Scores are based on a number of weighted factors, including reviews from residents and their families, ratings from local industry experts, and public state inspection data.

A group of top communities were identified in the Best Senior Living Awards Program as the “Top Rated” in Sumner. SeniorHomes.com will be expanding its ratings program and the Best Senior Living Awards to the top 50 US metropolitan areas with the goal of identifying the top senior living communities across the US. After announcing the awards winners in all 50 markets, SeniorHomes.com will announce the Top 100 Senior Living Communities across the US later this year.

“SeniorHomes.com along with a variety of industry experts has spent the past year defining a comprehensive methodology by which we could rate and rank the best senior communities across the country,” said Chris Rodde, CEO of SeniorHomes.com. “The entire staff at Stafford Suites should be commended for their dedication to excellence. Stafford Suites, along with the other Best Senior Living Awards recipients, is setting the bar for what truly great senior communities should provide to their residents.”
